

FLORIDA DEPARTMENT *of* STATE

RICK SCOTT
Governor

KURT BROWNING
Secretary of State

MEMORANDUM

TO: Supervisors of Elections
Gisela Salas

FROM: Dr. Gisela Salas
Director, Division of Elections

DATE: November 16, 2011

SUBJECT: Voting System Certification #110815-ES&S

The Division of Elections has updated "ES&S Voting System, Release 4.0.0.3, Version 3" in accordance with Section 101.5605 (3)(b), F.S., and offered its notice of certification as #110815-ES&S (Revised).

There were no software, firmware, or hardware changes associated with this revision. The update is being issued for "*Release 4.0.0.3, Version 3 (Revised)*" to include an additional AutoMARK VAT configuration that ES&S requested the Bureau of Voting Systems Certification (BVSC) to examine and approve for inclusion with this certification.

ES&S asked BVSC to verify that the AutoMARK's functionality remained unchanged when a previously untested combination of operating system (OS), firmware, and SBC (Single Board Computer) version are implemented on the AutoMARK. Please note that all of these items have been tested and approved with various certifications, but heretofore they have never been evaluated in this arrangement.

OS: WinCE 5.00.14
SBC: 2.0
Firmware: 1.4.3223

Under this certification, all counties and municipalities in Florida may purchase or use this system. We have enclosed a copy of the certificate for your records.
