MEMORANDUM

TO: Supervisors of Elections

FROM: Maria Matthews, Esq.
Director, Florida Division of Elections

DATE: April 30, 2013

SUBJECT: Voting System Certification #120502-DVS (Revision 1)

The Bureau of Voting Systems Certification has completed qualification testing for Dominion Voting Systems, Inc.-GEMS, Release 1.21.6, Version 1 (Revision 1). The Division of Elections has approved this voting system in accordance with Section 101.5605(3)(b), F.S., and offers its notice of certification as #120502-DVS (Revision 1).

There were no changes to the election management system or to any of the voting equipment firmware. The purpose of this activity was to verify that the AccuVote 32k SRAM memory card was not adversely affected by the updates to the Release 1.21.6 version of the GEMS-Assure voting system. This memory card was included in certification testing for several previous versions of the system, but it was not used in the original examination of the Release 1.21.6 that was certified on May 2, 2012.

This Dominion Voting Systems, Inc.-GEMS, Release 1.21.6, Version 1 (Revision 1) certificate supersedes Dominion Voting Systems, Inc.-GEMS, Release 1.21.6, Version 1.

Under this certification, all counties and municipalities in Florida may purchase or use this system. We have enclosed a copy of the certificate for your records.
