Dear Mr. Finney:

This letter provides interim approval for Democracy Live, Inc.'s LiveBallot™, Version 1.9.1., for Florida counties using the GEMS or Unity systems. The approval is only valid through the end of the calendar year 2014.

We accepted the Bureau of Voting Systems Certification's recommendation for approval for this interim in order to allow those Florida counties who have already received grants from the Federal Voting Assistance Program for electronic ballot delivery systems to proceed with these grants. However, as is noted expressly in the test report, no submissions for *future* versions of the LiveBallot™ will be approved if the user is able to edit the official election ballot from within LiveBallot.

If you have any questions, please feel free to contact Stacey Small at (850) 245-6268.

Respectfully,

Maria I. Matthews
Director, Division of Elections
