**DAWN K. ROBERTS**  
Interim Secretary of State

### MEMORANDUM

TO: Supervisors of Elections

FROM: Donald L. Palmer, Esq. Director, Division of Elections *DP*

DATE: August 3, 2010

SUBJECT: Voting System Certification # 080211-ES&S, (Revised)

---

Election Systems and Software, Inc. (ES&S) requested a revision with Premier Elections Solutions Release 1.20.2, Version 1 for a revised AccuVote Optical Scanner (AVOS) model D. The revised model D allows a change to the Zoom modem per ES&S Engineering Change Order (ECO-000660). Seminole County Election Staff performed a regression test to verify that the Zoom modem is acceptable. In addition, the revised certification removed AVOS for the infrared light capability that is no longer available in Florida and added a revised optional OSx ballot box (ECO-000664) to enhance its design.

The Division of Elections has approved this voting system in accordance with section, 101.5606, F.S. and offered its notice of certification as #080211-ES&S (Revised).

Under this certification, all counties and municipalities in Florida may purchase or use this system. We have enclosed a copy of the ES&S certificate for your records.

If you have any questions regarding this certification, please do not hesitate to call.
