MEMORANDUM

TO: Supervisors of Elections

FROM: Maria I. Matthews, Esq.
Director, Division of Elections

DATE: November 24, 2015

SUBJECT: Voting System Provisional Certification #150501-ES&S (Revision 2)

The Division of Elections has approved Revision 2 to the "ES&S-EVS, Release 4.5.0.0, Version 4" voting system. This revision includes Certificate edits only. There were no changes to the election management system or to any of the voting equipment.

The purpose was to add two items that were tested during the EVS 4.5.0.0, Version 4 certification activity, but which were inadvertently left off of the certificate. Namely, the "SBC 2.0" board, which is a part of the AutoMARK, HW 1.1 configuration and the Microsoft Excel application.

If you will be using the AutoMARK HW 1.1 configuration and/or if you wish to install Microsoft Excel, you will need to complete and return updated voting systems acquisition forms.

Under this certification, all counties and municipalities in Florida may purchase or use this system. A copy of the voting systems acquisition forms are attached and the certificate is enclosed for your records.
