

Comprehensive Statewide Historic Preservation Plan

2016 Regional Meetings for Public Input

The Florida Department of State's Division of Historical Resources is sponsoring a series of regional meetings for residents to provide feedback on preservation-related activity around the state. Help us as we work together to maintain Florida's historical and archaeological resources. Staff will review the current plan and participants will help develop goals for the next five-year (2017-2021) planning cycle.
