MEMORANDUM

TO: Supervisors of Elections

FROM: Maria I. Matthews, Esq. 
Director, Florida Division of Elections

DATE: May 9, 2016

SUBJECT: Voting System Certification #120502-DVS (Revision 4)

The Bureau of Voting Systems Certification has reviewed Engineering Change Order (ECO) COTS-1007 for Dominion Voting Systems, Inc. as a de minimis change to GEMS, Release 1.21.6, Version 1 (Revision 3). The Division of Elections has approved this voting system in accordance with section 101.5605(3)(b), F.S., and offers its notice of certification as #120502-DVS (Revision 4).

There were no changes to the election management system or to any of the voting equipment firmware. The purpose of this ECO was to add Data Research Services (DRS) PS976 scanner Model B to this certification. This scanner is the same equipment as the approved PS976 Model A, with replacement of the 250GB Hard Disk Drive with a 500GB Hard Disk Drive and the vendor's re-brand identification.

Those counties that have GEMS, Release 1.21.6, Version 1 (Revision 3) do not need to send updated system acquisition forms to the Division, unless the county acquires one or more DRS PS976 Model B scanners.

Under this certification, all counties and municipalities in Florida may purchase or use this system. We have enclosed a copy of the certificate for your records.
