SURVEY (ADDITIONAL COMMENTS)

I think you should make this room more interesting by including the Middle school sunshine state books on a shelf near desks, colorful walls, some games to play on i.e., a DS!, a Wii, an Xbox, and more! Add an art supplies wall with art supplies (of course) and tables next to murals of Florida sea life, and comfy chairs to lie down on to just enjoy a good book once in a while. Add a cork board to display artwork, and have art contests! By Pierce!

I like the library the way it is but i honestly think we should have a bigger or separate space for the teens because some times us as teen tend to disturb our elders i think we need our own space.

the library is a nice quiet place for me to do my homework and relax i love the library alot. i think there should be a different room for adults to go in so they would have some time to there self with out having to sit and be board.

bigger room

Your staff is really nice.
